

A romantic wedding photograph of a couple kissing in a vast, golden field. The groom is wearing a white shirt, a dark vest, and a green and white plaid kilt. The bride is wearing a white wedding dress. In the background, a soft rainbow is visible against a hazy sky. The overall mood is natural, elegant, and eternal.

# ABOUT

It's my job to capture all your love and joy on what will be one of the happiest days of your life. I started my career as a high-end fashion photographer working for Grazia, Harpers and Cosmopolitan. I had to reflect the elegance and beauty of my subjects using the best lighting and photographic techniques - skills which I still draw on today.

I work hard to make you both look as natural and relaxed as possible, listening to and reflecting on how you want the pictures to look and feel.

My emphasis is on minimal interruption, allowing you to mingle with your guests whilst I capture natural images – a smile, a laugh, a certain look. I of course include classic posed and family group shots.

I am proud to be nominated each year for several wedding photography awards and believe this reflects my passion, knowledge and experience.

If you would like to arrange a consultation or require further information then please get in touch and I will endeavour to reply within 48 hours.

# QUESTION & ANSWERS

Why choose me as your photographer ?

As a lecturer and mentor in photography I am constantly telling my students that the most important aspect of photography is understanding light. My years working in Fashion have taught me to think on the spot, no matter what is thrown at me. I had to produce results whilst at the same time giving guidance to produce the best possible results. This is very transferable to wedding photography. I will make you feel at ease in front of the camera and craft images that are both natural and emotional. You can rest assured that I'll take care of everything and you'll have a set of images that bring back all the memories. No cheesy awkward images. I promise.

Are all the images from real weddings ?

All the images on my website are all taken from real weddings. Not stylised shoots with models and all the time in the world at exotic locations. Be aware of this as it's prevalent with new photographers that often fail when the pressure is on.

Do you visit the venue with us beforehand ?

Yes, as I think it's really important to get to know my couples beforehand. I can also bring a camera along and do a practice shoot. That ensures that you are fully relaxed and ready on the day.

What is the booking process ?

After an online meet and once you have let me know that you'd like use my services, I will then send out a form to gather all the necessary info to draft up a contract. The contract is really there to give you assurances of how the process will proceed, and the product you will receive.

What is your dress code ?

I think it's very important to make a professional impression. We will wear suits and have a very smart appearance. I think it looks disrespectful when I see suppliers turn up in jeans and tee shirts.

Do You require a meal ?

It's always very kind of couples to supply a hot meal for myself and the team. It's a very long day and we need to keep the energy levels up to achieve the best results.

How long before I receive my images ?

I will have your images uploaded to your website within a month. If you like I can also supply a sneak peek of a small selection which you can upload for socials. The wedding film does take a bit longer (3 months) as the editing process is a lot more complicated.

How much is the deposit and what are the payment terms ?

The deposit is 20% of the overall fee and payable on booking. The balance is payable 1 month before the big day and both by bank transfer.

What happens if you are ill and cannot attend ?

If I'm ill on the day then I will supply a fully trained professional photographer from my team. In 20 years I've only had to do this once when I was so ill and unable to get out of bed. I'm pretty tough and run marathons.

How are the images supplied ?

All the images are supplied on website that you can download individually from and also on a USB stick.

Do you have display products ?

Albums and frames can be supplied. They make a great way to collate all the images and remind you of what a great day you had. It's more from your budget but a great investment. If you try and look through 700 images from your USB slideshow it would take 4 hours. I'm sure your friends and family love you but that would be pushing it.

# TESTIMONIALS

## JUST A FEW NICE WORDS FROM THE HUNDREDS THAT I HAVE RECIEVED FROM VERY HAPPY CLIENTS

My wife and I could not have been happier with Roger. He was extremely easy to work with in the build up, he was absolutely sensational on the day, commanding when needed and respectful at all other times, he also went practically unnoticed. His finished product has given us a great reminder of every aspect of the day, memories as well as moments we missed. Roger new that we wanted 1 key image to frame, something that was not the obvious 'wedding shot', Roger over delivered giving us 20+ options.  
Nick and Corrin

Roger is not only a wonderful photographer but also a real "people's person" and ensures that he builds both a working relationship and genuine friendship with you. The quality of the communication we received cannot be faulted and everything he provided for us was perfect. A lot of our Guests commented on his professionalism and how at ease he made them feel. I will continue to use Roger for future occasions and cannot recommend him highly enough. Outstanding service from start to finish!  
Liz and David

Could not fault Roger's approach. Friendly and reliable, and able to understand the look we wanted for our photos. Able to manage very large groups at our Sri Lankan event with aplomb! A wonderful mix of candid and portrait shots. Also very reliable and easy to contact, so glad we booked him.  
Arany & David

Roger not only is very talented and professional, he is a lovely guy to work with. He is fun and made us feel comfortable throughout the event. My partner doesn't like to get pictures taken and looking at our wedding photos you can't tell that, he was comfortable and confident.  
Fernanda & Ivo

Roger Brown has been an absolute pleasure to work with from the first meeting to sending us our edited pictures and album! He went above and beyond to achieve the iconic images we wanted, he even came out for a trial photoshoot a few days before the wedding. Roger gave us very good directions during the actual photoshoot and was incredibly efficient at taking the best shots on the day. We are so pleased with the finished product – it will be a lasting reminder of our big day for years to come!  
Galina & Ian

Roger was everything Jack & I could of hoped for – patient yet direct, polite and approachable to all our guests, and just blended in so it was natural. This didn't go unnoticed, as a lot of our guests after the wedding let us know how great they thought he was, and a couple actually wanted his details. On top of being brilliant on the day, the photographs he produced were absolutely beautiful, and we have so many amazing ones we are finding it hard to select our favourites – a 10/10 from me!  
Katerina & Jack

Roger was very professional and took time to understand exactly what we wanted. He is so friendly and blended into our wedding perfectly – such a nice guy to have around. The photos were ready very quickly and shared on a website for all our guests to enjoy. We loved his photos – so natural and he captured everyone at the wedding & showed their character & beauty. He stayed extra time to ensure he got the perfect shot of my son dancing – he really went above & beyond.  
Rose & Anthony

Roger is a fantastic wedding photographer with tonnes of experience. His familiarity with the palace grounds gave us multiple beautifully-positioned photos. He knew how to handle our nerves, and managed to get us to relax. He captured beautiful candid photos of our guests and key family members during important speech moments. All this was done without him being the least bit intrusive on the day itself, so we thoroughly enjoyed our ceremony and reception, almost forgetting that he was there!  
Savi & Javi

Outstanding photos by a great, personable and intelligent photographer. Our day would not have been the same without him and we hardly even noticed he was there most of the time. Would never recommend anyone else... thank you Roger.  
Tom & Jenny

Roger is the most professional photographer we have ever come across. He is so welcoming and approachable. Nothing is too much trouble for him, he has clear visions and will advise us on what would work best. He listens to our requests and puts them in to practice. Everyone that has seen his work has commented on how fantastic they are and captures the moment.  
Araby & Adam
